Stuart is a resources sector specialist advising on project acquisitions and disposals, earn-in agreements, mining joint ventures, commodity sale and purchase agreements, procurement, transportation, infrastructure and construction contracts, royalty arrangements, project approvals and land access matters.

Stuart has extensive experience in Australia, Asia and North and South America. Stuart was based in Beijing, China for a number of years as a partner in a leading international law firm.

Stuart's experience includes advising:

- Altura Mining on the development of the Mt Webber iron ore project with Atlas Iron; and the development of Altura's Pilgangoora lithium project in the Pilbara, Western Australia, including its A\$110M project financing, procurement contracts, and off-take arrangements with two Chinese lithium carbonate producers;
- Hexagon Resources on its joint venture with Mineral Resources Limited to finance and develop Hexagon's McIntosh Graphite Project in the Easter Kimberley, Western Australia;
- Australian Mines on a range of matters, including its joint ventures with Riedel Resources and Jervois Mining, its farm-in and joint venture and subsequent acquisition of the Sconi cobalt project from Metallica Minerals, and its offtake arrangements with Korean conglomerate SKI;
- Minjar Gold on the acquisition of the Pajingo Gold Mine in Queensland from Evolution Mining;
- Shandong Tianye Gold on the acquisition of the Southern Cross Gold Project from Hanking Mining;
- Galaxy Resources on the acquisition and development of the Sal De Vida lithium brine project in Argentina, the Mt. Cattlin lithium project in Western Australia, the James Bay lithium project in Canada, and the sale of Galaxy's lithium carbonate plant in Jiangsu Province, China to Tianqi Group;
- Evolution Mining on the acquisition of the Connors Arc exploration project in Queensland;
- Silver Lake Resources on its farm-in and joint venture agreement with ACH Global relating to the Great Southern Project, including the subsequent acquisition of the project by ACH; and
- Ibaera Capital Partners on its farm-in and joint venture with Azumah Resources in respect of Azumah's Wa gold project in Ghana, West Africa.

Stuart is a current member of the WA State Committee of the Australian Resources & Energy Law Association (AMPLA) and the Mining Legislation Committee of the Association of Mining & Exploration Companies (AMEC).
